

# Jesus Mosaics

## *How they're made!*

1. Look closely at Baby Jesus' mouth and nose in the picture to the right.
2. Now look at the round picture at the bottom. It's a blowup up that area.
3. You can see that His mouth and nose are really made from pictures of Mary, His mother.

*Made with 100's of pictures of Jesus and the Virgin Mary. The little pictures form the big picture to create a **Jesus Mosaic**.*
